*Drive Away Price, \$POA. Due to new legislation that came into effect on 25 May 2009, Land Rover Australia is currently unable to provide you with a published price list. The new legislation is intended to ensure that the price advertised for motor vehicles includes the 'on road costs' (Drive Away Price) which are "quantifiable" that a customer will incur, when purchasing a new vehicle. The 'on road costs' typically include the vehicle registration fee, compulsory third party insurance, State stamp duty and the dealer delivery costs. These components are not always a fixed or constant value, meaning the 'on road costs' vary according to individual circumstances. Land Rover Australia supports pricing transparency for our customers and is endeavouring to produce a price list without breaching this new legislation. In the meantime, we kindly ask that you refer any price related inquiries to your local Land Rover retailer.
